

REMARKS

Claims 1-24 and 32-38 are pending. Independent claims 1, 2, 7, and 8 have been amended, claims 25-31 have been canceled, and claims 32-38 that depend from various ones of independent claims 1, 2, 7, and 8 have been added.

In telephone conferences initiated by the Examiner with the undersigned on February 3 and 8, 2005, the recitations in independent claims 1, 2, 7, and 8 relating to the temperature that has a direct effect on the user were discussed. In particular, the Examiner contended that the clarity of the previously added phrases "can be felt by a user" might be questioned and suggested slightly different phraseology. It was agreed that this Amendment would be presented to modify claims 1, 2, 7, and 8 accordingly. In addition, claims 25-31 were discussed in view of the documents of record in this application and it was agreed that these claims would be canceled. Addition of dependent claims that are supported by page 4, line 8 et seq. of the application, among other places was also discussed, and this Amendment has added such claims 32-38.

It is believed that this application is now in condition for allowance, and an early Notice of same is respectfully solicited. If the Examiner has any questions, the undersigned attorney may be telephoned at the number given below.

Respectfully submitted,
